EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel claims 46 to 64.

This application is in condition for allowance except for the presence of claims 46 to 64 to an invention non-elected without traverse. Accordingly, claims 46 to 64 have been cancelled. See MPEP 821.02.

EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Regarding independent claims 17 and 18, the prior art of record does not disclose or suggest the combination of an acoustic signal and an insertion signal, where the insertion signal is a code information of a character string in a natural language, a machine control section for controlling a machine according to an extracted insertion

Application/Control Number: 09/712,945

Art Unit: 2654

signal, and a sound generation machine for pronouncing the natural language character string.

Regarding independent claims 22 and 26, the prior art of record does not disclose or suggest the combination of an acoustic signal and an insertion signal, where an audible sound in a plurality of channels is synthesized with a highpass filter and a lowpass filter, and an insertion signal is extracted by comparing results from the highpass filters.

Regarding independent claims 27, 28, and 29, the prior art of record does not disclose or suggest the combination of an acoustic signal and an insertion signal, where the insertion signal controls a dance operation of a robot in synchronization with a music signal.

Regarding independent claims 31 and 35, the prior art of record does not disclose or suggest the combination of an acoustic signal and an insertion signal, where the insertion signal is extracted to control a car navigation apparatus.

Regarding independent claim 38, the prior art of record does not disclose or suggest the combination of an acoustic signal and an insertion signal, where the insertion signal includes a name, a telephone number, location information, and information on a uniform resource locator (URL).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
